 (Entered at the Carson post office as second class matter.)

TAFT'S TARIFF EXPOSE.

The beauty of the protective tariff system as it works in ship construction has been demonstrated right out in open meeting by the Panama canal commission. Among other things the commission needs two more ships. Secretary Taft has decided the government ought to buy them abroad for he explains, they can be had in Europe at a saving of \$650,000 as compared with their cost if bought in the United States.

There is no question but that timber can be had cheaper and better in this country than abroad. The actual labor cost of construction is not great, but the prices demanded by the steel trust for its material, protected by the tariff, is so much greater than is asked in Europe that a ship built here costs almost double the same product in Glasgow or other British ship yards. Of course the government escapes the duty on foreign-bought goods and its ships would not be subject to the restrictions placed on foreign-built ships operating in the American coasting trade.

The conclusion is inevitable that American shippers who are compelled to patronize American-built ships are being compelled to pay enormous tribute to the shipbuilding trust and the steel trust. Once the system is appreciated it is not difficult to understand why so much of our commerce is carried by foreign-built foreign-owned ships, nor is it hard to see why the shipbuilders of America are among the most ardent advocates of an enormous navy. With such profits as they must make by Taft's showing one of our battleships ought to furnish loot enough to satisfy the most avaricious trust in an avaricious age.

But it is the least bit unkind of a protection administration to furnish such an expose of the graft possible under its pet theory of the tariff.—Salt Lake Herald.

Within a short time the date for the opening for settlement of the lands along the main irrigation canals in Storey county will be announced by the Department of the Interior. The announcement will be awaited with keen interest by many prospective settlers who have been waiting since the lands were withdrawn from entry for an opportunity to take up homesteads.—Reno Journal.

A mass meeting of the citizens in Reno has been called to meet at the courthouse in Reno Saturday evening for the purpose of making preliminary arrangements for receiving and entertaining the members of the Congressional committee, who are expected in Nevada on June 17th.

OPEN-TOP OBSERVATION CARS.

Something New for Travelers to the East.

Novelty in railway passenger equipment will shortly be introduced by the Denver & Rio Grande Railroad Company. That Company are now building a number of open-top observation cars to be attached during the summer months to its daylight trains running through the Royal Gorge, Grand Canon of the Arkansas, Canon of the Grand River, and the Black Canon of the Gunnison. These cars are modern construction and have a seating capacity for twenty-two persons; sides but no tops, being entirely open, thus giving passengers from California to the east a free and unobstructed view of the grand scenery of the Rocky Mountains.

These cars will be entirely at the service—free of charge—of all occupants of through sleepers of all classes. This is but one of the many comforts and advantages offered by this, The Scenic Line of the World. Ask W. J. Shotwell, General Agent, 625 Market Street, for handsomely illustrated traveler's guide; sent free of charge.

But if she meets each issue in the right spirit, bravely and hopefully, she will need no club of right thinking. Right doing will suffice to make her live long and be beautiful.

Cemetery Water.

Notice is hereby given that water will be turned on at the cemetery May 1st, and that no person in arrears will be allowed the use of water until amount now due is paid.

Carson City, April 28th, 1905.
GEO. W. KEITH,
 Secretary.

Bids Wanted.

Sealed proposals will be received up to 12 o'clock noon of May 12th, 1905, by the Board of Directors of the State Orphans' Home, for the installing of a 5 h. p. Westinghouse motor, of a 5 H. P. Westinghouse motor, Type "C," Three phase 200 volts.

Two Transformers of 2½ K. W. General Electric, Type "H," 2000 to 200 volts.

The entire outside lighting system to be remodeled and rewired with wire of sufficient size in buildings—barns and yard and new lamps placed.

The successful bidder to furnish all material above mentioned as well as Cedar Poles of not less than 35 feet, Pullies, belting and wire cable to run underground, connect all pumps, circular saw and freezer in a workmanlike manner and in accordance with the rules of the Fire Underwriters.

For specifications and further particulars inquire of Superintendent of the State Orphans' Home.

The Board reserves the right to reject any and all bids.

Address **ORVIS RING,** Secretary Board of Directors State Orphans' Home.
 Carson City Nevada, May 5 1905.

NOTICE.

Plans and Specifications Wanted.

The Board of Capitol Commissioners of the State of Nevada, hereby invite the submission of plans and specification for the erection of a two story stone building with basement the Capitol grounds in Carson City Nevada, suitable for Supreme Court and State Library building as provided by an Act of the Legislature March 13, 1905, "An Act Entitled, An Act providing for the erection of a State Library and Supreme Court Building," said building and total cost not to exceed forty thousand dollars.

The Board reserves the right to reject any or all bids.

For further information address **W. R. Davis,** Clerk of the Board of Capitol Commissioners. Carson City Nevada. By order of the Board.

W. R. Davis
 Clerk.

The above advertisement for plans and specifications of the Library and Supreme Court Building will be considered open until June 1st, 1905, at which time the board will consider plans and specifications submitted, as above set forth. By order of the Board.

W. R. Davis
 Clerk of Board of Capitol Commissioners.
